Land Ownership

Mainline Land Ownership

Owner Type Legend:

1 = Federal
2 = State of Alaska
3 = Municipal/Borough
4 = Native Corporation
5 = Private
6 = Native Allotment
7 = Existing ROW, road crossings, driveways, material sites,
8 = Mental Health Trust Land Office, State of Alaska
9 = University of Alaska, State of Alaska
10= Alaska Railroad, State of Alaska
11 = Rivers, streams, etc.

This land ownership information has been obtained from publicly available sources and has been partially title-verified. Upon determination of the final alignment and construction right-of-way, a survey and complete title verification will be performed to identify the number of parcels and land ownership. Land ownership data in this table includes only lands that have identified ownership along the main alignment, excluding the Fairbanks Lateral.

5 = Private
6 = Native Allotment
7 = Existing ROW, road crossings, driveways, material sites,
8 = Mental Health Trust Land Office, State of Alaska
9 = University of Alaska, State of Alaska
10= Alaska Railroad, State of Alaska
11 = Rivers, streams, etc.

This land ownership information has been obtained from publicly available sources. Upon determination of the final alignment and construction right-of-way, a survey and title verification will be performed to identify the number of parcels and land ownership. Further refinement of the alignment will be made to ensure it is located parallel to (but not within) the Alaska Railroad Corporation right-of-way, except where necessary to cross under the railroad. Only land ownership data from the Fairbanks Lateral is included in this table.

Owner Type	Owner/Manager	Legal Description	Patent No.	meridian	Township		Range		Section	Additional Information	Size (acres)

Unidentified Landownership

This table includes lands that have no identified owner, based on publically available sources. It is believed that these lands include portions of the Alaska Department of Transportation right-of-way along the Parks Highway and stream crossings. Upon determination of the final alignment and construction right-of-way, a survey and title verification will be performed to identify the number of parcels and land ownership.
