Assignment Application Approved

On October 29, 2018, the Division of Oil and Gas (Division) received an assignment application for the above license transferring 100.00 percent working interest ownership from Rocky Riley to Tolovana Energy LLC.

I hereby approve the applications with an effective date of November 1, 2018. One original copy of this assignment has been placed in the lease case file, and one original copy has been returned to both the assignor and the assignee.

Any party holding an interest in the assigned leases may be required to enter into a financial assurances agreement in the future to ensure dismantlement, removal, and restoration obligations can be met.

As the division does not record assignments, you may want to record the assignments in the appropriate recording district. Please visit the State Recorder's Office website at <http://dnr.alaska.gov/ssd/recoff/> or call (907) 269-8872 for recording requirements and fees.

Sincerely,
