Best Interest Findings to Offer Oil and Gas Leases

These lease sales are being held according to AS 38.05.035(e) and AS 38.05.180. Under these statutes, land that is subject to a best interest finding issued within the previous 10 years may be offered for oil and gas leasing. The finding sets forth the facts, policies, and applicable laws and regulations upon which the Director based the determination that oil and gas lease sales in an areawide sale will best serve the interests of the State. Every year, the Director makes a request for substantial new information that may justify a supplement to the finding and issues a response to information received. Best interest finding documents and supplements for these sales can be found on the DO&G website at http://dog.dnr.alaska.gov/Services/BIFAndLeaseSale.
