Data Sources
Base map data, including topographic data, village and town boundaries, and roads, etc., are from the USGS National Map 1:24,000 Thematic Layer. Oil and gas wells data from the Alaska Division of Oil and Gas database as adopted from the Alaska Department of Natural Resources, Oil and Gas Division. Land status is derived from the Federal Bureau of Land Management and state level data is included.

This map was created, edited, and published by the State of Alaska, Division of Natural Resources, Division of Oil and Gas, and is not an official State map for any informational purposes or other.

The state of Alaska neither represents or accepts responsibility (including warranties of merchantability and fitness) with respect to the character, function, capability or compatibility of this product or its components for any user’s purposes. In no event will the State of Alaska be held liable for any indirect, incidental, special, punitive, or consequential damages in connection with the user or any other person or entity whether from the use or misuse of this data, or from reliance on the said data whether for any purpose or by any means or processes.
