STATE PIPELINE COORDINATOR'S SECTION

NOTICE OF ANALYSIS AND PROPOSED DECISION
ALASKA STAND ALONE GAS PIPELINE/ASAP LEASE AMENDMENT
ADL 418997

CHANGES TO EXHIBIT B LINE LIST
(Amendment No. 3)

The Commissioner of the Department of Natural Resources (Commissioner), received an amendment request from Alaska Gasline Development Corporation, lessee for the Alaska Stand Alone Gas Pipeline/ASAP (ASAP), to amend the ASAP Right-of-Way (ROW) Lease. The proposed amendment updates the Exhibit B Line List as incorporated into the lease, identifying the project ROW location on State lands.

The amendment request proposes several significant changes to the lease:

1. Addition of the Gas Conditioning Facility on the North Slope; approx. 91 acres.
2. Addition of roads, work pads, and other related facilities identified in the 2016 Mapbooks for future inclusion; approx. 119 acres.
3. Addition of material source areas identified in the 2016 Mapbooks for future inclusion; approx. 664 acres.
4. Addition of lands for project changes; approx. 199 acres.

The ROW lease is only applicable to state-owned lands managed by the Department of Natural Resources (DNR). It does not apply to privately owned lands.

A proposed decision accepting the updated Exhibit B Line List has been prepared and is available for the public to review. Any comments must be submitted in writing to the State Pipeline Coordinator's Section (SPCS) before 5:00 p.m. on July 30, 2018.

The Analysis and Proposed Decision, amendment request, line lists, links to various mapping programs, and other supporting documentation are available online: <http://dog.dnr.alaska.gov/Home/Newsroom>. The public may obtain hard copies of the documents, at cost, from the SPCS upon request at the address below.
