NOTICE OF RIGHT-OF-WAY AMENDMENT APPLICATION  
NUIQSUT NATURAL GAS PIPELINE – ADL 416202  
NATURAL GAS PROCESSING SKIDS INSTALLATION

The Commissioner of the Department of Natural Resources, pursuant to Alaska Statute (AS) 38.35.070, hereby gives notice that the North Slope Borough (NSB) submitted a request to amend the Nuiqsut Natural Gas Pipeline (NNGP) Right-of-Way Lease, ADL 416202, to add approximately 1.5 acres of land for the installation of upgraded gas processing skids.

The NSB is proposing to install pilings and foundation supports for a pre-fabricated module; supports for new piping and cable tray; new process, utility and flare piping; and power and controls to integrate the module for removal of hydrogen sulfide. The natural gas pipeline related facilities will be located on the Alpine Development Pad upstream of NNGP. The gas processing facility upgrades will increase the safety of the pipeline and the gas delivered to Nuiqsut by removing hydrogen sulfide from the gas stream.

The land is located within the N2N2 Section 5, Township 11 North, Range 5 East, and SW4SE4 Section 32, Township 12 North, Range 5 East, Umiat Meridian; containing approximately 1.5 acres, more or lease

The application is available at the State Pipeline Coordinator's Section (SPCS) website: <http://dog.dnr.alaska.gov/Home/Newsroom>. The public may obtain hard copies of the application, at cost, from the SPCS.
