

MEMORANDUM OF UNDERSTANDING

Between

ALASKA DEPARTMENT OF NATURAL RESOURCES

And

THE ALEUT CORPORATION

To

HOLD CONCURRENT OIL AND GAS LEASE SALES OF STATE AND TAC LAND IN THE ALEUT REGION & TO FACILITATE CONSTRUCTION OF A TRANSPORTATION INFRASTRUCTURE THAT WILL SUPPORT THESE DEVELOPMENT PROJECTS

THIS MEMORANDUM OF UNDERSTANDING (MOU) is made and entered into by and between the Alaska Department of Natural Resources (DNR) and The Aleut Corporation (TAC), collectively referred to as "the Parties." The purpose of this MOU is to contribute to the achievement of common goals and objectives of the Parties and to establish an effective communication framework between the Parties.

Background:

- A. The DNR is tasked with managing the State of Alaska's land in southwest Alaska and the natural resources contained therein, including oil, gas, and minerals, and TAC is responsible for managing its 1.572 million acre mineral estate on behalf of its 3,250 shareholders.
- B. Similar to the North Slope and Cook Inlet regions of Alaska, the Bristol Bay basin including portions of the Aleut region on the Alaska peninsula has been identified as having good potential for commercial quantities of oil and gas deposits.
- C. Any discoveries of, and subsequent development of, commercial quantities of oil, gas, & mineral deposits in the Aleut region should benefit both the State of Alaska and TAC's shareholders.
- D. Like other mineral deposits, oil and gas resources know no political boundaries, and it is often logical and desirable for two adjacent landowners to have similar land management and leasing programs in place.
- E. With TAC's support, the Alaska Division of Geological and Geophysical Surveys applied for a 3-year, \$700,000 U.S. Dept. of Energy grant to further evaluate the oil and gas potential of the Bristol Bay basin.
- F. The development of transportation infrastructure, as recommended by the Southwest Alaska Regional Transportation Plan, such as deep water ports, roads and airports, along the Alaska Peninsula should make oil, gas, and other mineral prospects more accessible, and thereby more economically feasible to explore and develop.

- G. The Alaska DNR, TAC, and BLM have been working collaboratively to rationalize ANCSA 17(b) and RS 2477 access issues.
- H. The Alaska DNR, TAC, and BLM have been working collaboratively to revoke obsolete federal land withdrawals in the Bristol Bay region.
- I. TAC supports the construction of an access road from Cold Bay to King Cove.

Agreements:

- The term of this MOU will be for five (5) years from the effective date and can be extended for five-year periods thereafter with the written agreement of the Parties.
- To the extent consistent with their respective interests and statutory or regulatory responsibilities, or corporate responsibilities, the Parties will work cooperatively to ensure that exploration and development activities are consistent with the land management and development plans of both Parties.
- The Parties agree that they will cooperate to ensure all development projects in the Aleut region are pursued in an environmentally responsible manner with maximum efforts to minimize impacts to fishery resources.
- TAC and the State of Alaska will work cooperatively to re-open offshore oil and gas prospects to exploration.
- Where reasonable to do so, the Parties will endeavor to synchronize the timing of their oil and gas-leasing schedule for their respective lands.
- The Parties will help facilitate the design and construction of a transportation network that will make oil, gas, and other mineral prospects more accessible and inter-connect communities.
- The Parties will communicate their development goals to other interested parties in southwest Alaska, such as tribal organizations, village corporations, and borough and city governments.
- The Parties will not act contrary to applicable laws, regulations, policies, and procedures.
- To the extent legally permissible, information generated pursuant to this MOU may be kept confidential when requested in writing by a party to this MOU. Information released by a party to this MOU must credit the source of the information.
- Where reasonable, the Parties will issue joint press releases on matters related to this MOU and will coordinate responses to media questions.
- Notices regarding actions under this MOU will be sent to (for each party):

DNR Commissioner
State of Alaska DNR
550 W. 7th Ave., Suite 1400
Anchorage, AK 99501-3561

Chief Executive Officer
The Aleut Corporation
4000 Old Seward Hwy, #300
Anchorage, AK 99503

- This MOU may be terminated within thirty(30) days written notice by either Party.
- This MOU can be modified upon written consent of the Parties.
- Others may become party to this MOU upon written consent of the Parties.

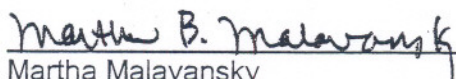

Approved:

Tom Irwin, Commissioner
Alaska Dept. of Natural Resources
