Re: Application for Right-of-Way Lease, ADL 403427

Dear Commissioner Irwin:

On June 1, 2004, the Alaskan Northwest Natural Gas Transportation Company ("ANNGTC") and TransCanada Alaska Company, LLC (together, "the Co-Applicants") submitted a complete, updated application for a natural gas pipeline right-of-way lease across Alaska State lands for the Alaska Natural Gas Transportation System ("ANGTS"). This updated application was submitted pursuant to the Alaska Right-of-Way Leasing Act, AS 38.35, and supplemented ANNGTC's application filed on April 15, 1981 (DNR File No. ADL 403427).

The Co-Applicants hereby provide notice of their withdrawal of this application.

Yours very truly,

TRANSCANADA ALASKA COMPANY, LLC

Anthony Palmer
