PUBLIC NOTICE

**ANCHOR POINT ENERGY, LLC RIGHT-OF-WAY LEASE APPLICATION
COMMISSIONER'S ANALYSIS AND PROPOSED DECISION
and
PUBLIC HEARING NOTICE**

The Commissioner of the Department of Natural Resources (DNR) received an application, dated February 18, 2010, for a pipeline right-of-way lease under Alaska Statute (AS) 38.35 (Right-of-Way Leasing Act) from Anchor Point Energy, LLC for the proposed North Fork Pipeline. The public notice of the application was published in accordance with AS 38.35.070. The Commissioner has completed his Analysis and Proposed Decision. The public is invited to comment on Anchor Point Energy, LLC's right-of-way lease application and on the Commissioner's Analysis and Proposed Decision, which proposes that the Anchor Point Energy, LLC is fit, willing, and able to construct and operate a pipeline in a manner that will be required by present and future public interest (AS 38.35.100).

The proposed North Fork Pipeline will be buried along its entire length, which will be 7.4 miles, of which approximately 6.6 miles of the proposed pipeline right-of-way will be located on lands owned or administered by the State of Alaska. The following is a general description of the state lands that are requested for the pipeline right-of-way lease:

Seward Meridian, Alaska

Township 4 South, Range 14 West, Sections 26, 27, 31, 32, 33, 34

Township 4 South, Range 15 West, Sections 34, 35, 36

Township 5 South, Range 14 West, Sections 6

Township 5 South, Range 15 West, Sections 1, 2, 3

Anchor Point Energy, LLC proposes to construct a buried pipeline to transport natural gas. The proposed pipeline will extend from the North Fork Unit production pad located at the east end of Wagon Road and will continue to the pipeline's terminus point located in Anchor Point. The proposed pipeline project will be comprised of two 4-inch diameter carbon fiber (Fiberspar™) pipes. Construction is scheduled to begin in September 2010. Anchor Point Energy, LLC has requested a 50-foot wide right-of-way for construction of the pipeline, which would be reduced to a 20-foot wide operating right-of-way width.

The public may obtain printed copies of the Commissioner's Analysis and Proposed Decision and associated documents at cost from the State Pipeline Coordinator's Office:

State Pipeline Coordinator's Office
411 West 4th Avenue, Suite 2
