

EXHIBIT B
LEGAL DESCRIPTION OF PROPOSED RIGHT-OF-WAY
ADL 419237
POLAR NATURAL GAS PIPELINE
LEGAL DESCRIPTION OF PROPOSED RIGHT-OF-WAY

The Polar Natural Gas Pipeline Right-of-Way Lease is approximately 3.54 miles long (18,681 feet) originating at the tie-in to the Seawater Injection Plant feed gas line, within Section 36, Township 11 North, Range 14 East, Umiat Meridian (U.M.), and terminating at the Polar LNG, LLC, Pad (ADL 417738), within Section 17, Township 10 North, Range 15 East, U.M..

Right-of-Way Legal Description

The right-of-way shall be 75 feet in width, with five each 200 feet by 200 feet ice pads for turnarounds and work areas equally spaced along the right-of-way, on State of Alaska owned lands. A segment of the right-of-way where it crosses land owned by the North Slope Borough, Tract 8 of ASLS 76-227, within Sections 8 and 17, Township 10 North, Range 15 East, U.M., shall be limited to 50 feet in width and approximately 626.9 feet long, located entirely within a State of Alaska managed 50-foot wide Section Line Easement. The right-of-way will cross State of Alaska owned or managed lands within:

Township 11 North, Range 14 East, Umiat Meridian, Section 36

Township 11 North, Range 15 East, Umiat Meridian, Section 31

Township 10 North, Range 14 East, Umiat Meridian, Section 1

Township 10 North, Range 15 East, Umiat Meridian, Sections 6, 7, 8, 17

The right-of-way contains 36.4 acres, more or less, all in the Barrow Recording District. All distances and acreages are approximations based on the Applicant's description of the right-of-way.

Per Section 25(e) of the Lease the Lessee may relinquish to the State any part or all of the Leasehold that the Lessee determines is no longer necessary for Pipeline Activities. Section 25 outlines the process by which a release of interest is to take place. At the time a Release of Interest is approved under Section 25 of the Lease this Exhibit B will be up-dated to include the required As-Built depicting the location of the leased right-of-way.
