March 11, 2019

Dear Ms. Imm,

My office is currently adjudicating ASRC Exploration, LLC's ("AEX") appeal filed September 28, 2018. The term of the current Placer Unit plan of development of is one of two issues raised in AEX's appeal, currently set to expire in May 2019. I am aware of the deadlines this triggers for AEX and, accordingly, we are expediting our adjudication of the appeal.

I am also aware of the March 1, 2019 letter from former Division of Oil and Gas Director Chantal Walsh providing AEX an extension until March 15, 2019 to submit its next, or fourth, plan of development. The March 15 extension deadline is hereby vacated. Future deadlines will be re-evaluated in the adjudication of your appeal.

Please let me know of any questions. Thank you for your patience as we work through your appeal. We expect a decision soon.

Sincerely,

A handwritten signature in blue ink that reads "Corri A. Feige".

Corri A. Feige

Cc: Sara Longan, Deputy Commissioner  
Jim Beckham, Acting Director, DNR Division of Oil and Gas  
Rebecca Kruse, DOG Units Section Chief  
Ken Diemer, DOG Unit Manager
