

North Slope Oil and Gas Activity

State of Alaska, Department of Natural Resources, Division of Oil and Gas, January 2015

Chukchi & Beaufort Seas OCS

Shell

Shell requested five year extension for Beaufort and Chukchi Sea leases. Plan to drill in Chukchi Sea 2015 if able to acquire permits.

BOEM

Developing 2017-2022 leasing program; draft proposes a Beaufort Sea sale for 2020 and Chukchi Sea sale for 2022.

State of Alaska

State asserted ownership of approximately 3,000 acres of land at ANWR boundary and awarded two Beaufort Sea leases pending since 2011.

Caelus Energy

State granted royalty modification lowering royalty rate to 5% for production from Torok Formation for five leases at Nuna development conditions include project sanction by end of March 2015.

Beaufort Sea

Hilcorp-BP

Hilcorp assumed 100% interest and operatorship of Endicott and Northstar fields, 50% working interest and operatorship at Milne Point and Liberty field. Regulatory Commission of Alaska approved pipeline transfer of five BP pipelines to Hilcorp subsidiary Harvest Alaska.

NordAq Energy

Mobilizing to drill a vertical exploratory well, Tulimaniq No. 1 at Smith Bay in early 2015.

ASRC

DNR conditionally approved unit expansion and POE extension for Placer unit. ASRC to file new POE, post \$2.5 million performance bond, and drill by May 2016.

Eni US

Finishing initial development program at Nikaitchuq by late 2014, plan 20+ wells to be drilled over two years.

BP Exploration

Permitted 3D seismic survey in North Prudhoe Bay starting winter 2015. Construction of 25 miles of pipeline at Prudhoe Bay Unit to begin 2017. New pad being developed and two pads expanding at PBU.

ConocoPhillips

Drilling of 15 horizontal wells at CD-5 to start mid 2015, expecting first oil by late 2015. Planning installation of cross country pipeline and power line, and completion of larger bridge and drill site facilities in winter 2015.

ConocoPhillips

Continuing seismic acquisition over GMT-1 area and process engineering. BLM published final SEIS for GMT-1 and Army Corps of Engineers issued record of decision and wetlands permit.

ExxonMobil

Moving Nabors 27E rig to Point Thomson to drill a disposal well, complete two central pad wells, and install well liners this winter. Drilling on west pad to start late 2015. Field startup anticipated 2016.

SAExploration-Kuukpik Corporation

Permitted Horseshoe 3D seismic survey program in the vicinity of the Colville River for the 2014-2015 winter season.

Repsol

Permitting five potential well locations with plans for a three-well exploration program; winter drilling would begin early 2015 in the area between Kuparuk and Colville River Units.

ConocoPhillips

Permitted 3D seismic survey near Oliktok Point in Kuparuk River, Milne Point, Nikaitchuq, and Oooguruk Units starting winter 2015.

Permitted 3D seismic survey near Kadleroshilik River for winter 2014-2015 season.

ConocoPhillips

Sanctioned Drill Site 2S. Permitted 3S-620, a Moraine appraisal well from Drill Site 3S.

Savant-Miller-ASRC

Miller acquired Savant's 67.5% interest in Badami Unit and a controlling interest in the 25 mile Badami Pipeline. ASRC Exploration holds the remaining 32.5%.

Plan to drill 2 wells summer 2015.

National Petroleum Reserve - Alaska

Alaska LNG Project

Submitted permit application with DOE to export up to 20 million metric tons of LNG per year for 30 years. Project in pre-front-end-engineering and design phase; phase to be completed in 2016

Linc Energy

Completed pre-development engineering phase at Umiat where initial development plans suggest up to 70 wells.

Great Bear Exploration

Permitted three well exploration drilling program in the Dalton Highway Transportation Corridor for winter 2014-2015 season. Each well will be located on ice pad accessible from the Dalton highway.

Arctic National Wildlife Refuge

- Wells Spud 2014
- Wells Spud 2013
- Wells Spud 2012

Units

— Trans Alaska Pipeline

— Dalton Highway

— Alaska Seaward Boundary
