Updated 5/31/2006

The total lease interest percentage for the bidder group for Tracts 122, 123, 125, 126, 157 and 158 did not equal 100.00000%. An apparent clerical error for the percentage lease interest of one member of the bidder group resulted in an over-percentage of 100.00004 on all of the submitted bids. The Division is recommending to the Commissioner that he accept the bids for Tracts 122, 123, 125, 126, 157 and 158 upon confirmation of the clerical error and the resubmittal of bid forms showing the corrected lease percentage interest.

The bid deposit for Tract 495 was not in payment method as required by bid instructions. The Division is recommending that the Commissioner reject the bid for Tract 495.

This is a preliminary report only. All bids are subject to final acceptance by the Commissioner of the Department of Natural Resources.
