NOTICE OF ANALYSIS OF AMENDMENT APPLICATION AND PROPOSED DECISION
TRANS-ALASKA PIPELINE SYSTEM – ADL 63574
PLMP 19.1 BURIED SILLS AT SAGAVANIRKTOK RIVER

In accordance with the Alaska Statute (AS) 38.35.015, the State Pipeline Coordinator's Office received an application submitted by Alyeska Pipeline Service Company, agent for the Trans-Alaska Pipeline System (TAPS) lessees, to amend the Right-Of-Way Lease for the Trans-Alaska Pipeline, ADL 63574. The amendment is to include approximately 5.5 acres of land within the upland buffer zone between a side channel of the Sagavanirktok (Sag) River and the buried TAPS pipeline and to construct and maintain a field of 11 buried sills at pipeline milepost 19.1. The sills will protect TAPS by preventing additional erosion towards the buried pipe.

The lands are generally described as: Section 4, W2NW4 and Section 5, E2NE4, Township 7 North, Range 14 East, Umiat Meridian, Alaska, those lands between the easterly TAPS right-of-way boundary and the left bank of the Sagavanirktok River, containing approximately 5.50 acres.

Pursuant to AS 38.35.070, public notice of the application was published in the Anchorage Daily News and the Fairbanks Daily News-Miner on April 12, 2012. A copy of the application was filed with coordinate agencies.

In accordance with AS 38.35.080, the State Pipeline Coordinator has prepared an analysis of the application and preliminary decision to approve the application. The proposed modification was determined not to be a substantial amendment of the existing lease. A copy of the Analysis of Amendment Application and Proposed Decision is available on-line at the State Pipeline Coordinator's website: <http://dnr.alaska.gov/commis/pco/> or available at cost by request to the above office. Any comment, objection, or expression of interest pertaining to the analysis and proposed decision must be submitted in writing to the State Pipeline Coordinator's Office by letter, e-mail or facsimile before 5:00 p.m. on June 13, 2012:

Email: spco.records@alaska.gov

If public comment indicates the need for significant changes in the proposed decision, additional public notice will be given on or about June 15, 2012. If no significant change is required, the proposed decision, including any minor changes, will be issued as the final decision of the Department of Natural Resources after June 13, 2012, without further notice.

The State of Alaska, Department of Natural Resources, State Pipeline Coordinator's Office, complies with Title II of the Americans with Disabilities Act of 1990. Individuals with disabilities who may need auxiliary aids, services, or special modifications to participate in this review may call 269-8411 TTY/TTD. Please provide sufficient notice in order for the Department to accommodate your needs.
