**AMENDMENT OF THE RIGHT-OF-WAY LEASE
FOR THE
TRANS-ALASKA PIPELINE
ADL 63574**

**CATHODIC PROTECTION UPGRADES
PIPELINE MILEPOST 579.2**

This is an Amendment to Exhibit D, Description of the Right-of-Way for Related Facilities of the RIGHT-OF-WAY LEASE FOR THE TRANS-ALASKA PIPELINE, ADL 63574, hereinafter referred to as AMENDMENT.

The RIGHT-OF-WAY LEASE FOR THE TRANS-ALASKA PIPELINE dated May 3, 1974, ADL 63574, was recorded in the Fairbanks Recording District in Book 149, Pages 0799 through 0905, on July 16, 1979. The RENEWAL AND AMENDMENT OF RIGHT-OF-WAY LEASE FOR THE TRANS-ALASKA PIPELINE AND ASSOCIATED RIGHTS, ADL 63574, which became effective May 2, 2004, was recorded in the Fairbanks Recording District as Document No. 2002-025712-0, Pages 001 through 030 on December 6, 2002.

This AMENDMENT is made and entered into and becomes effective this 26th day of June 2013, by and between the STATE OF ALASKA located at 411 West 4th Avenue, Suite 2, Anchorage, Alaska 99501, acting through the Commissioner of Natural Resources, hereinafter referred to as COMMISSIONER, and Alyeska Pipeline Service Company as agent for the Trans-Alaska Pipeline System (TAPS) owner companies located at P.O. Box 196660, MS 502 Anchorage, Alaska 99519-6660, hereinafter referred to as LESSEE.

WHEREAS, the LESSEE has applied to amend the existing Right-of-Way Lease, ADL 63574, to include additional State of Alaska land for the construction and maintenance of cathodic protection at Pipeline Milepost 579.2 to protect the integrity of TAPS. The site is at pipeline milepost 579.2, approximately 39 miles south of Delta Junction, and east of the Richardson Highway. The additional land is necessary for installing the upgrades and is needed to protect the buried pipeline from corrosion.

NOW THEREFORE, the COMMISSIONER and LESSEE agree to amend the RIGHT-OF-WAY FOR THE TRANS-ALASKA PIPELINE, ADL 63574, to include the lands within the Fairbanks Recording District described as:

NW1/4 Section 29, Township 16 South, Range 10 East, Fairbanks Meridian, Alaska, those lands within U.S. Survey 4386 immediately adjacent to and easterly of the existing TAPS right-of-way boundary between station 30582+30 and 30583+80, containing 0.25 acres, more or less.

The lands described above are incorporated into and made a part of the RIGHT-OF-WAY LEASE FOR THE TRANS-ALASKA PIPELINE dated May 3, 1974, ADL 63574, and the RENEWAL AND AMENDMENT OF RIGHT-OF-WAY LEASE FOR THE TRANS-ALASKA PIPELINE AND ASSOCIATED RIGHTS, ADL 63574, effective May 2, 2004.

The lands needed to accommodate the cathodic protection upgrades may be less than those described above. After construction, Alyeska Pipeline Service Company will submit an as-built drawing for the Commissioner's approval. The as-built drawing will show the right-of-way addition in relation to the boundaries of the existing TAPS right-of-way.

Pursuant to Section 1.d.(ii) of the TAPS Lease, approval by the Commissioner and acceptance of such approval by APSC of the final as-built survey of the cathodic protection upgrades shall operate as a release of all interests of APSC in lands not included in the final as-built survey. Exhibit D, Right-of-Way for Related Facilities of the RIGHT-OF-WAY LEASE FOR THE TRANS-ALASKA PIPELINE, ADL 63574, will be amended to reflect the final as-built survey.

IN WITNESS WHEREOF, the COMMISSIONER and LESSEE have affixed their signatures to duplicate originals of this AMENDMENT.
