**AMENDMENT OF THE RIGHT-OF-WAY LEASE
FOR THE
TRANS-ALASKA PIPELINE
ADL 63574**

**CATHODIC PROTECTION FIELD – FLOOD REPAIRS
SAGAVANIRKTOK RIVER
PIPELINE MILEPOST 18.5**

This is an Amendment to Exhibit D, Description of the Right-of-Way for Related Facilities of the RIGHT-OF-WAY LEASE FOR THE TRANS-ALASKA PIPELINE, ADL 63574, hereinafter referred to as AMENDMENT.

The RIGHT-OF-WAY LEASE FOR THE TRANS-ALASKA PIPELINE dated May 3, 1974, ADL 63574, was recorded in the Barrow Recording District in Book 24, Pages 1 through 107, on July 16, 1979. The RENEWAL AND AMENDMENT OF RIGHT-OF-WAY LEASE FOR THE TRANS-ALASKA PIPELINE AND ASSOCIATED RIGHTS, ADL 63574, which became effective May 2, 2004, was recorded in the Barrow Recording District as Document No. 2002-001065-0, Pages 001 through 030 on December 6, 2002.

This AMENDMENT is made and entered into and becomes effective this 20th day of November, 2014, by and between the STATE OF ALASKA located at 411 West 4th Avenue, Suite 2, Anchorage, Alaska 99501, acting through the Commissioner of Natural Resources, hereinafter referred to as COMMISSIONER, and Alyeska Pipeline Service Company as agent for the Trans-Alaska Pipeline System (TAPS) owner companies located at P.O. Box 196660, MS 502 Anchorage, Alaska 99519-6660, hereinafter referred to as LESSEE.

WHEREAS, the LESSEE has applied to amend the existing Right-of-Way Lease, ADL 63574, to include additional State of Alaska land to install of a series of low-profile sills that will extend in to the channel from the existing bank line on the westernmost side channel of the Sagavairktok River at PLMP 18.5. The site lies approximately 18 miles south of Pump Station 01 and 39 miles north of Pump Station 02. This work will protect the integrity of the existing cathodic protection field from further bank erosion. The river bank will be re-established by placing clean fill between the sills.

NOW THEREFORE, the COMMISSIONER and LESSEE agree to amend the RIGHT-OF-WAY FOR THE TRANS-ALASKA PIPELINE, ADL 63574, to include the lands within the Barrow Recording District described as:

SW4 Section 33, Township 8 North, Range 14 East, Umiat Meridian, those lands south of TAPS Access Road 134 AMS-3B adjacent to the west bank of the Sagavanirktok River and the existing TAPS right-of-way boundary at the cathodic protection field near PLMP 18.5, containing 8.10 acres, more or less as depicted on Attachment A labeled "X314-10X TAPS MP 18.5 Sagavanirktok River Cathodic Protection Field – Flood Repairs Plan, Plate 2, Sheet 2 of 4, Date 08/18/14."

The lands described above are incorporated into and made a part of the RIGHT-OF-WAY LEASE FOR THE TRANS-ALASKA PIPELINE dated May 3, 1974, ADL 63574, and the RENEWAL AND AMENDMENT OF RIGHT-OF-WAY LEASE FOR THE TRANS-ALASKA PIPELINE AND ASSOCIATED RIGHTS, ADL 63574, effective May 2, 2004.

The lands needed to accommodate the low-profile sills and re-established bank after construction will be less than those described above. After construction, Alyeska Pipeline Service Company will submit an as-built survey for the Commissioner's approval. The as-built survey will show the right-of-way addition in relation to the boundaries of the existing TAPS right-of-way.

Pursuant to Section 1.d.(ii) of the TAPS Lease, approval by the Commissioner and acceptance of such approval by APSC of the final as-built survey of the re-established bank and low-profile sills shall operate as a release of all interests of APSC in lands not included in the final as-built survey. Exhibit D, Right-of-Way for Related Facilities of the RIGHT-OF-WAY LEASE FOR THE TRANS-ALASKA PIPELINE, ADL 63574, will be amended to reflect the final as-built survey.

IN WITNESS WHEREOF, the COMMISSIONER and LESSEE have affixed their signatures to duplicate originals of this AMENDMENT.
