Re: Approvals of Designation of Successor Unit Operator-Deep Creek, Ivan River, Lewis River, Nikolaevsk, Pretty Creek, South Middle Ground Shoal, and Stump Lake Units

Dear Mr. Barnes:

By letter dated December 16, 2011, Union Oil Company of California (Union), as Operator of the Deep Creek, Ivan River, Lewis River, Nikolaevsk, Pretty Creek, South Middle Ground Shoal, and Stump Lake Units provided the State of Alaska, Department of Natural Resources (DNR), Division of Oil and Gas (Division) notices of resignation as operator of the aforementioned units. Pursuant to applicable requirements of each of the unit agreements, Union Oil Company of California designated Hilcorp Alaska, LLC (Hilcorp) as successor unit operator for all of the above-referenced units. Under 11 AAC 83.331(c), no designation or change of the unit operator becomes effective until approved by the Commissioner.

On December 28, 2011, the Division received notices of acceptance as successor unit operator for the above-mentioned units from Hilcorp. Hilcorp is qualified to hold leases as provided in 11 AAC 82.200-11 AAC 82.205, is the sole working interest owner of leases in the aforesaid units, and is qualified to fulfill the duties and obligations prescribed in each of the unit agreements. By letter dated December 29, 2011, the Division authorized the change of operator effective January 1, 2012. By this decision, the Division hereby approves Hilcorp as successor unit operator of said units pursuant to 11 AAC 83.331(c), effective January 1, 2012.

Hilcorp shall file amended exhibits to each unit agreement to reflect the change in ownership with the Division within 30 days of this decision.
