Re: Findings and Decision of the Director, Approval In Part of the Application to Form the West Eagle Unit:  
Errata, page 10 and Attachment Seven

Dear Mr. Landt:

The State of Alaska, Department of Natural Resources, Division of Oil and Gas (Division) issued the Findings and Decision of the Director, Approval In Part of the Application to Form the West Eagle Unit on February 14, 2013.

The decision contained errors in the legal description of the lands to be segregated and the lands that will have extended terms. The maps of the approved area are correct. For the unit decision, please replace paragraph four of section 5. Economic Costs and Benefits to the State on page 10 with the following:

*"The primary term of ADL 391145 and ADL 391144 would have expired September 30, 2012 if not under a pending unit application. Portions of ADL 391145 and ADL 391144 and ADL 391625 will be severed and not included in the unit. The nonunitized portions are assigned ADL 392388, ADL 392387, and ADL 392389 respectively. The primary term of ADL 392388 and ADL 392387 (see Attachment 7) will be extended for two years, the maximum time allowed under 11 AAC 83.373(b)."*

Please replace attachment seven with the enclosed version.

Please note that the correction of these errors does not affect the effective date of the decision.

If you have questions regarding this decision, please do not hesitate to contact Kevin Pike at (907) 269-8451 or via email at Kevin.Pike@alaska.gov.

Sincerely,
