

North Slope Oil and Gas Activity 2009-2010

Pioneer Natural Resources
Development & drilling continues. Nuiqsut and Kuparuk Participation Areas approved. Multi-phase metering.

Brooks Range Petroleum Corp. (BRPC) plans to drill the North Tarn No.1 exploration well this winter on an ENI lease north of Tarn.

ConocoPhillips Alpine West (CD-5) satellite development delayed. Waiting on Corp of Engineers 404 permit. Work requires 2 winter seasons to complete. Initiation of work delayed to at least 2011-2012 season.

ENI
First Production From Schrader Bluff in Nikaitchuq Unit Expected in end of 2010. Sea lift in 2010.

AVCG/BrooksRange
Plan to drill 2 wells within Beechey Point Unit in 2010.

Shell
Plans to submit scaled down exploration plan for 2010 in response to stakeholders concerns about too rapid a pace of development. Plan includes 2 wells on Sivulliq prospect (formerly Hammerhead).

BP
Plans to begin drilling at Liberty in 2010. First oil in 2011.

ExxonMobil
PT-15 & PT-16 drilled to surface casing point. Both wells estimated to reach TD by December 2010.

Ultra Star drilled Dewline. P & A'd in 2009. Formed unit. Plan second well for 2011.

Savant Alaska LLC
Badami Unit
Suspended drilling at 12,874 feet on B1-38 (Red Wolf) due to seasonal travel restrictions.

Continued year-round development drilling in Prudhoe, Kuparuk, Colville and Milne Point Units

ConocoPhillips
Bear Tooth Unit formed, obligation includes 1 well and re-enter at Scout 1 well by 2012.

ConocoPhillips
Drilled Grandview 1 and Pioneer 1 in Greater Moose's Tooth and announced Rendezvous 2 and Pioneer wells as discoveries. Test rates averaged from 500 to 1300 bopd of high API gravity oil and 1.5mcf/d of gas

Chevron
White Hills program with 5 wells drilled in 2008 and 2009. Not releasing details or results.

Anadarko--Petro-Canada--BG
Drilled 3 wells
(Chandler No. 1, Wolf Creek No. 4 and Gubik No. 4)
All 3 wells encountered natural gas. Gubik and Wolf Creek wells P & A'd. Chandler suspended for possible future testing.

State of Alaska
Department of Transportation study
Evaluating routes for proposed transportation corridor to Umiat area.

2009 - 2010 Exploration Activity

- Wells Permitted/Planned 2009-2010
- Wells Drilled 2009
- Major Roads
- Trans Alaska Pipeline
- Alaska Seaward Boundary
- Gas Accumulations
- Oil Accumulations
