**DATA SOURCES**

Base map data, including hydrologic data, village and town locations, land status and boundaries, etc. are from the State of Alaska Statewide Land Records Information Systems GIS database. Oil and gas wells are from the Alaska Division of Oil and Gas database as adapted from the Alaska Oil and Gas Conservation Commission dataset. Land status is derived from the Federal Bureau of Land Managements' general land status dataset.

Information on this map is depicted only at a township or section level resolution. For detailed information regarding any specific area, interested individuals may consult the land records of one or more of the following agencies:

The State of Alaska, Dept of Natural Resources  
The Federal Bureau of Land Management  
The Federal Minerals Management Service  
Arctic Slope Regional Corporation

Discrepancies in boundary alignments are the result of merging multiple data sets from a number of different sources.
