Supplement to the Cook Inlet Areawide Oil and Gas Lease Sale Best Interest Finding

ADNR issued a *Supplement to the Cook Inlet Areawide 1999 Oil and Gas Lease Sale Final Finding of the Director* on February 4, 2008, which is available on the division's website and at the above-mentioned locations.

Notice to Bidders: The Cook Inlet beluga whale, the presence of which is known throughout the Cook Inlet Areawide oil and gas lease sale area, is listed as depleted under the Marine Mammal Protection Act. In April 2007, the National Marine Fisheries Service (NMFS) proposed to list the Cook Inlet

"Develop, Conserve, and Enhance Natural Resources for Present and Future Alaskans."

beluga whale population as endangered under the Endangered Species Act. A final decision is expected in April 2008. If the beluga whale becomes listed, ADNR would impose any additional mitigation measures or restrictions on relevant tracts to minimize impacts to the beluga whale as required by the law. ADNR will notify all interested parties of additional mitigation measures or restrictions, should those become necessary, as soon as possible.
