New Developments in the Brookian-Nanushuk and Torok

Map created January 2025

This map was prepared, revised, and published by the State of Alaska, Department of Natural Resources (DNR), Division of Oil and Gas (DOG). The information is provided for general information only. The source documents contain the official record. Consult the O&G 2024 tax file, Lease file, and Lease Administration System (LAS) or other sources concerning the official information for additional information. Lease and activity agreements are the result of mapping on file data sets from a number of different sources.
