Seismic Data Release Status

Seismic survey, showing data coverage:

- Issued: Survey released and available at Geological Materials Center
- Released: Survey released and available at Geological Materials Center
- Eligible: Survey released and available at Geological Materials Center
- Issued but not yet eligible for release: Survey not yet eligible for and prepared for release (see notes 2, 3, 4 and 5)
- Other survey with tax credit certificate, statutory confidentiality period still in effect; survey not yet eligible for and prepared for release (see notes 2, 3, 4 and 5)
- Additional qualifying surveys will be added to this map as new tax credit certificates are issued or as changes in confidentiality status allow.

Notes:
1. Map may be viewed in various formats of information that can be downloaded publicly regarding tax credit surveys.
2. Information on this map does not guarantee public release and is subject to statutory requirements as affected by the time of acquisition and application for tax credit.
3. Seismic surveys completed less than 10 years ago are subject to confidentiality requirements for a period of 10 years from completion at which time they are processed for public distribution.
4. Alaska has no "Takings" lawsuits against federal leases. See note 1. These surveys are released as per the Alaska Public Records Act (APRA) 34.45.020. Note: Surveys that are released for public distribution by 10 years from completion at which time they are processed for public distribution.
5. Additional qualifying surveys will be added to this map as new tax credit certificates are issued or as changes in confidentiality status allow.

Map updated: April 2021
