Re: Seismic Data and Well Data Catalogue  
Settlement Agreement  
Kenai LNG Facility  
Cook Inlet Alaska

Dear Mr. Banks:

Pursuant to Article 3(b)(iv) of the Settlement Agreement dated January 2, 2008, by and among the State of Alaska, Marathon Oil Company, and ConocoPhillips Alaska Natural Gas Corporation enclosed please find ConocoPhillips seismic data and well data catalogue.

The catalog includes data that may or will require the consent or participation of one or more third parties to disclose, license, and / or sell, and data for which ownership rights have not yet been resolved. These matters will be addressed with respect to specific data if ConocoPhillips receives sufficient interest in the data.

ConocoPhillips is working with Cook Inlet Region, Inc. ("CIRI") to resolve ownership on a number of seismic surveys. At CIRI's request, these surveys were not included in the Catalogue.

Questions regarding the catalogue and license requests should be directed to:
