WHEREAS, the STATE OF ALASKA and the LESSEE are parties to that RIGHT-OF-WAY LEASE FOR THE KENAI KACHEMAK PIPELINE, ADL 228162, dated November 26, 2002, which was recorded in the Kenai Recording District as Document Number 2003-000608-0 on January 15, 2003, and in the Homer Recording District as Document Number 2004-001478-0 on April 5, 2004; and amended with the Happy Valley Extension, dated June 16, 2004, which was recorded in the Homer Recording District as Document 2004-002969-0 on June 24, 2004; hereinafter referred to as “ADL 228162”; and

WHEREAS, the LESSEE has applied to amend ADL 228162 to include additional State of Alaska lands for the construction and operation of an extension to the existing Kenai Kachemak Pipeline, to be known as the Kasilof Extension; and

WHEREAS, in conformance with the requirements of AS 38.35.100, the COMMISSIONER has determined that the LESSEE is fit, willing and able to perform the proposed construction and operation of the Kasilof Extension and that the proposed Amendment of ADL 228162 to include the additional State lands is in the public interest.

Approximately 4.2 miles of the Kasilof Extension to the Kenai Kachemak Pipeline is on State lands. The following is a description of the State lands containing 35.6 acres, more or less. The construction rights-of-way for the Sterling Highway and the Cohoe Loop Road rights-of-way are 60 feet wide, except on two shores of Bottleneck Lake and within other temporary construction areas required for horizontal directional drilling. A temporary construction area (100 feet by 300 feet) to accommodate the equipment for the horizontal directional drilling equipment is on each shore of Bottleneck Lake within the Cohoe Loop Road right-of-way, within Section 9, Township 2 North, Range 12 West, Seward Meridian. The COMMISSIONER and the LESSEE agree to amend Exhibit E of ADL 228162 to include Utility Permits, Permit Nos. 1-110000-06-061 and 1-114700-06-062, issued by the State of Alaska, Department of Transportation and Public Facilities.

The State lands; Utility Permits in Exhibit E; and Documents in Exhibit D; described above are incorporated into and made a part of ADL 228162.

The State lands needed after construction will be less than those described above. The LESSEE will submit an As Built for the COMMISSIONER’S approval. The As Built will tie the Kasilof Extension to the existing Kenai Kachemak Pipeline. Upon the COMMISSIONER’S approval of the As Built and release of the construction right-of-way, ADL 228162 will thereby reflect the final legal description.

IN WITNESS WHEREOF, the COMMISSIONER AND the LESSEE have affixed their signature to duplicate originals of this AMENDMENT on or before the date first above written.
