EXHIBIT A
Proposed Point Thomson Export Pipeline Route
Locations and size of staging areas are preliminary and will be optimized as design continues.

Sea ice road shown is based on current design and will be optimized as design continues.

Land ice roads will have 50' ROW for both Staging Areas and Access Roads that connect the Construction Row to the Sea Ice Road.

NOTE:
Locations and size of staging areas are preliminary and will be optimized as design continues.

Sea ice road shown is based on current design and will be optimized as design continues.

Land ice roads will have 50' ROW for both Staging Areas and Access Roads that connect the Construction Row to the Sea Ice Road.
